# Applicant Service

**for the Issuance of  
Financial Assets**

[www.millennium-hg.com](http://www.millennium-hg.com)

The Applicant service enables companies and financial intermediaries to initiate the authorization process for issuing financial instruments (such as bonds, shares, digital tokens, etc.). Acting as the formal point of contact with regulatory authorities (Bank of Italy, Consob), the Applicant manages the submission of applications, regulatory interactions, and receipt of approvals.

## Key Benefits

- **Streamlined access to financial markets**
- **Institutional support throughout the process**
- **Enhanced transparency and traceability**
- **Opportunity to engage in innovative initiatives** (e.g. regulatory sandbox)

A strategic service for issuing financial assets in a compliant, secure, and forward-looking manner.

The Company acts as Applicant for industrial development projects and is duly authorized to issue Standby Letters of Credit (SBLC) or other financial assets to be used as collateral in corporate acquisition operations or non-recourse loan facilities strictly related to industrial development projects.

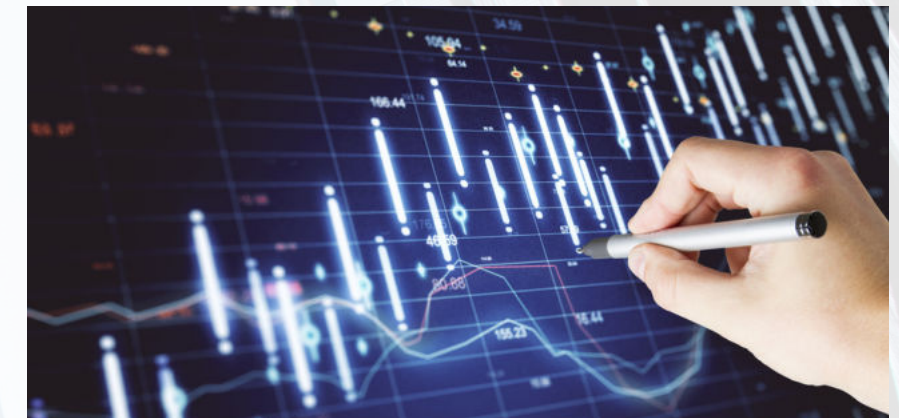

# Future Opportunities

## Your Gateway to Future Financial Opportunities

At Millennium Holding Group, we connect you with the most promising financial opportunities of tomorrow. Through strategic insight, global market access, and personalized advisory, we help you identify, evaluate, and seize high-potential investments that align with your long-term goals.

**Discover what's next. Invest with vision. Grow with confidence.**

With a multidisciplinary team and a forward-thinking approach, Millennium Holding Group delivers tailored solutions across asset classes, sectors, and geographies. Whether you're seeking portfolio diversification, emerging market exposure, or innovative investment vehicles, we provide the expertise and tools to turn ambition into achievement — responsibly, strategically, and sustainably.
